

HASP project | Info Day on Honour Related Violence and Combat of Violence against Women

“Never doubt that a small group of thinking and devoted citizens can change the world. In fact, this is all we have”

–Margaret Mead (Cultural Anthropologist)

Four Elements NGO invites you to the Info Day of **“HASP – Honour Ambassadors against Shame Practices” Project** on **Thursday 29th of March 2018**, where you will have the opportunity to get informed about honour related crimes and the combat of violence against women. Ms. Konstantina Kouneva, Member of the European Parliament (SYRIZA), will be the Keynote Speaker. The event will take place at our Organisation’s headquarters, **1 Veranzerou Str., Athens** (ground floor).

The **HASP Project** is implemented with the support of the European Union’s Daphne Programme. Its main objectives are to raise awareness, improve prevention, and contribute to combating honour related violence (HRV) against women, that may range between forced marriage and the so-called “honour crimes”.

Starting from March 2016, various activities have been implemented in five EU countries: Italy, Greece, Spain, Bulgaria, and the United Kingdom. Reaching the end of this two-year Project, we will be waiting for you to our Info Day, so as to discuss in person all important aspects of violence against women.

Participation in the Info Day is free, and Certificates of Attendance will be handed out.
